8 ABOUT EUROAVIA

11 CONTACTS

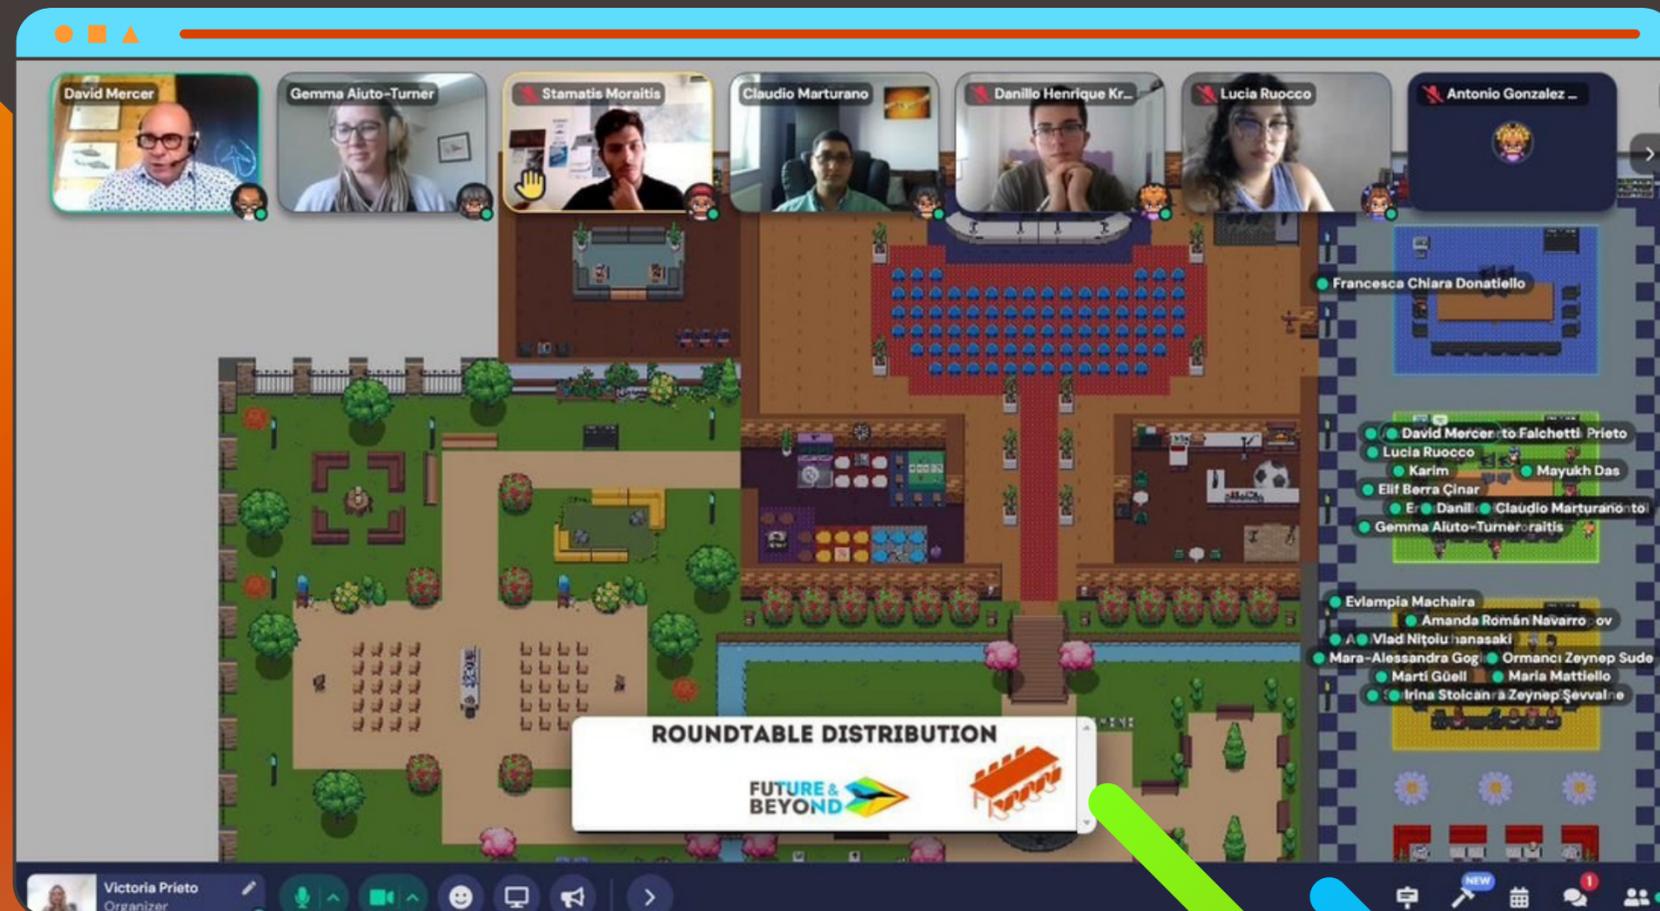

The Event

Future & Beyond is a 4-day **online event** which serves as an unparalleled platform for engineering students and companies to gather, exchange their valuable insight and experiences, and discuss the most recent advancements within the industry.

In the event, your company will find the best environment not only to recruit your **future employees** but also to **claim your project** and to explore **collaboration possibilities** with other companies.

The Event

Platforms

Gather Town

It is a platform that simulates a virtual space where each person is represented by a virtual character.

b2match

Event Networking Platform where B2B (Business to Business) and B2S (Business to Student) take place. Each person can ask for a time slot to do a meeting.

The Event

Program

24th of June 2024

Soft Skills Trainings

Students will elevate the skills that are most required in the recruitment through training sessions in **CVs & Job Interview**, **Decision Making**, **Persuasion and Negotiation** topics. These training sessions are designed to empower students, equipping them with the skills needed for successful job interviews and improving their Cvs.

Conducted by experienced trainers from the **EUROAVIA Training System**, these sessions promise to deliver valuable **insights** and practical knowledge essential for navigating confidently the professional landscape.

25th & 26th of June 2024

Roundtables

Your company will have the opportunity to actively engage with a diverse range of students through **workshops, trainings**, dynamic participation in **panel discussions** addressing pivotal topics in the industry and enhancing visibility by **presenting your company's** projects. Embracing this opportunity is poised to elevate your company's **visibility** and establish valuable **connections** within the students and the professional community.

27th of June 2024

B2B & B2S Sessions

At the **Business to Business** meetings, your organization will demonstrate its ideas, expand its professional network, and explore a variety of cooperation and **partnership** prospects.

At the **Business to Students** meeting, you will get the opportunity to interact with lively young people full of **news ideas**. This platform is a great environment for articulating your company's **aims** clarifying the many employment market opportunities, and building meaningful **connections** with the next generation of talent.
